freshperspective

freshperspective mentoring is one way to connect with parents and caregivers in our community that is safe, well managed and supported. Mentor Training is your opportunity to be trained as a mentor to journey with parents and caregivers - people doing the 'stuff of life' together for a while.

Recent comments on the Training:

"fp's foundation of 'let's find the strengths and build on them' approach, was to me fresh, innovative and inspirational, and will be of great help to me in my ministry. I was left with the feeling I would have done much better for the Lord if I had been introduced to it years ago."

"Was fun, and a wonderful investment of my time"

"For any church group desiring to connect in a meaningful way with their local community, we would consider this resource is invaluable."

New shorter training option available:

Friday 16 May 7.00pm – 9.00pm & Saturday 17 May 9.00am – 4.00pm
at Richmond New Life Church. Limited spaces. If you are interested
