

Reflection questions:

- What ways have you tried to help yourself over the years?
- From what avenues have you received God's wisdom?
- What is the best advice given to you from God's Word?
- In what ways can you give more opportunity to God to speak to you?

Flowers - A huge thanks to Bev Savage! Bev, with the loving support of Murray, has organised the flower roster for a long, long time. She has rallied the troops, stood in when there were gaps, organised wedding and funeral flowers and recruited people outside our church as well. Bev will continue on the roster as a flower arranger but will no longer arrange the roster. If anyone is keen to do this, or to arrange church flowers every 8 weeks or so, please see Susan. In the meantime, our administrator David, will organise the roster. Bev, we greatly appreciate the work you have done in this ministry.
- Much love Susan and all at Holy Trinity

Spiritual Gifts - Vestry, Holy Trinity Staff and one home group, have completed the abbreviated Network course. So far we are excited about the great spread of gifts which we've identified. Two home groups are currently studying the full course. We will have a workshop for individuals at Camp in November and other home groups might like to work through the course. Our aim is to have a church that operates from giftedness and passion rather than duty. We are well on the way. Any enquiries, see Susan.

Richmond Primary School - Thank you to those who baked for Richmond Primary School staff. We took 4 cakes for morning tea last Friday and everyone was very grateful. I have had positive feedback from the Principal, Tim Brenton, and from other staff members. Our aim was to let them know we appreciate their work and to strengthen our relationship. Those aims were met so thank you. We intend to do this once a term. Some have already let Ingrid know their willingness to participate in this. If you are keen, please let David in the office know, as Ingrid is away now for several weeks.

Micah Did-Dell: Youth Pastor - Some months back Vestry voted to give Micah a new title. We believe that Micah has become much more than a youth group leader. He is effectively pastoring the young people, the other youth leaders and has recently taken on responsibility for overseeing the youth component of Antonio Sardella's internship. The youth group meet socially on Friday night with a short devotion or God spot. A few new young people have recently joined the Friday group. On Sunday night the older youth meet for a Bible study. Micah is focusing on building disciples for Christ with these studies. Both aspects of youth group are very important and we greatly value Micah's role in this ministry. Susan and Vestry.

BTC - are keen to have folk who are willing to offer up a prayer weekly or daily for them. Their plan is to email direct to individuals a short one or two sentence prayer request each week. They are particularly wanting Home Group Leaders, Clergy, Friends of BTC, and parishioners to be on their mailing list.
