Debrief with Vestry and Staff in the evening.

Sunday 16 November

Kevin and Anne will be preaching at both
Sunday services (9.00am and 10.30am)

Notes from the Vestry Meeting Wednesday 5 November

- St Albans: Give thanks for a great community effort which has seen a team of volunteers aged from 9 to 80+ paint the church and come in under budget! Vestry have endorsed the recommendation of the St Alban's community that TDC list the yew tree in the church grounds as a category B protected tree. It was planted when the church was consecrated in 1868.
- We are seeking a coordinator for Safe Here, which covers all aspects of safety in our church community. If you think this job may be for you please talk to Susan.
- We have been hugely encouraged by our experience of and feedback from the first week of ReSource. Don't miss out, one week left to share in this!
- Staffing. We are blessed with a very willing and hardworking staff whose time is more than fully committed. We all need to care for them. To do this we ask that you give them plenty of notice when you would like them to be involved or to do something. By plenty we mean 4 weeks. We know that this will not always be possible but where it is please do this.

Work Wanted – Part-time work wanted urgently. Handyman. Anything considered. Phone Paul Robinson 927 5066.

Lost – Small red coin purse with white trim at Garage Sale. Sentimental value. Phone Margery Mercer 544 7510.
